## 2's

We have enjoyed a very busy week with the theme being Shavuot, looking at pretty flowers. The children used their artistic ability using washing brushes with paint to make flowers, they all really enjoyed this activity. We used paint brushes and water to clean and paint the wooden fence in the playground. The grassy area had different resources out and the children had great fun discovering this new area to play. Debra came on Wednesday with lots of cuddly toys and musical instruments, we used lots of energy dancing and singing. On Thursday we made yummy cheesecake, the children were able to listen and follow instructions. They bashed the biscuits to make crumbs and mixed and added ingredients. Please can we ask if you haven't yet done so to send either by email to the office or hand to us, photos of your family for our wall.

## 3's

Welcome back after half term, we have begun our theme of Shavuot with Ilyse on Monday singing some new songs "cheese cake, cheese cake is so yummy....." firmly becoming a favourite! Both rooms have made their own pictures of Moses up the mountain and have been put up on the walls great for reinforcing the songs and story. We made delicious cheese cake but just had to eat it for our snack and especially enjoyed eating the sprinkles. In sports with Josh they played a sorting game with tennis balls piled in the middle they had to put them in different coloured buckets, in between each round the buckets were moved around so the children had to look for them really good for listening and following instructions. Finishing off with Mr Wolf. Next week we plan to make perfume with the flowers left from Shavuot so if you have any flowers left that you would love to send in we would gladly take them.

## 4's

This week in the Rising 4's we have been discussing Shavuot and telling the story of Moses climbing Mount Sinai to get the 10 Commandments.

On Wednesday we had a lovely trip to Aberford Park where we walked up Mount Sinai and rolled back down the hill, then after had great fun playing in the park.

Our focus story this week is Shark in the Park.

We have made cheese cake which the children ate for desert after their lunch. We also made chocolate smelling playdoh which the children loved making pretend cakes and biscuits with.

RWI letter this week is V vvvvvulture. Down a wing, up a wing.

## Birthdays

**If you would like to bring in biscuits to celebrate your child's birthday please check with your keyworker which biscuits are suitable. Many Thanks.**

**We wish you all Shabbat Shalom.**
